

## Electrician job specification

Vidette UK is a reputable family run business that has been one of the leading building contractors in London since 1997. We pride ourselves on strong employee valued approach and professional service to our clients.

We are currently looking for a skilled electrical engineer. The role involves attending sites around the South East of England to carry out reactive/maintenance works. The potential candidate must be reliable, committed, hardworking and have a strong focus on providing excellent customer services. All works must be completed to a high standard. It is vital that at least one of the candidates of the duo team holds a clean, full driving license and is confident and experienced in driving a van.

**Job Types:** Full-time, Permanent

**Salary:** £160-£210 per day

**Schedule:** Day shift

**Location for interview** (where Vidette are based):

The Ullswater Business Park, Unit 2, 30 Breakfield, Coulsdon, CR5 2HS
